TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

*To the Inhabitants of the Town of Alexandria, in the County
of Grafton in said State, qualified to vote in Town
Affairs:*

You are hereby notified to meet at the Town House in
said Alexandria on Tuesday, the 8th day of March, next, at
nine of the clock in the forenoon, to act upon the following
subjects:

1. To choose all necessary Town Officers for the year
ensuing.
2. To raise such sums of money as may be necessary to
defray town charges for the ensuing year and make appro-
priations of the same.
3. To see how much money the town will raise for the
maintenance of highways and bridges except snow work.
4. To see how much money the town will raise for plow-
ing and sanding roads in winter.
5. To see if the town will accept Town Road Assistance
and raise \$594.41 for the same.
6. To see if the town will raise \$400.00 for Blister Rust
Control.
7. To see if the town will vote to raise \$57.00 for the
Lakes Region Association for advertising the advantages
and attractions of Alexandria.
8. To see if the town will vote to raise \$25.00 for the
Newfound Region Association to aid in advertising and
other activities for the benefit of the town, in co-operation
with other towns in the Newfound Region.
9. To see if the town will vote to petition the State Tax
Commission to make a complete reappraisal of the lands and
buildings within the town to equalize valuations in accord-
ance with the law and to appropriate money for this purpose.

10. To see if the town will vote to observe during the month of August, 1949, the 50th anniversary of Old Home Week, and raise and appropriate a sum of money therefor.

11. To see if the town will vote to petition the State Tax Commission to have an audit made by the Division of Municipal Accounting and to make an appropriation to cover the expense of such audit.

12. To see if the town will vote to place more fire insurance on town hall and raise and appropriate money for the same.

13. To see if the town will raise \$30.00 for needed kitchen equipment.

14. To see if the town will vote to buy fire equipment the purchase price to be taken out of surplus.

15. To see if the town will vote to buy a road grader and raise and appropriate money for same.

16. To see if the town will vote to have part of the Alexandria-Orange town line surveyed and raise and appropriate money for the same.

17. To see if the town will authorize the selectmen to borrow money in anticipation of receipt of taxes.

18. To transact any other business which may legally come before this meeting.

Given under our hands and seal, this 17th day of February in the year of our Lord nineteen hundred and forty-nine.

CHESTER G. YOUNG,
KARL A. GORDON,
HARRY B. RAMSEY,
Selectmen of Alexandria.

A true copy of Warrant—Attest:

CHESTER G. YOUNG,
KARL A. GORDON,
HARRY B. RAMSEY,
Selectmen of Alexandria.

Respectfully submitted,

HERBERT I. FISKE,
EVERETT C. MERRILL,
LURA E. GORDON,
REX L. PLUMER,
RAY O. SARGENT,

Committee on Memorial.

REPORT OF THE FOREST FIRE WARDEN

Your local organization to prevent and extinguish brush and woods fires is glad to report a good year of forest protection in 1948. In spite of danger conditions nearly equaling at times those of 1947 when great losses were suffered in New Hampshire and New England, fire damage and loss this year have been gratifyingly low.

With the continuing co-operation of all the people, we can hope to have another successful year in 1949. Let us remember that in any year, over 90% of all fires are caused by carelessness and that all of these man-caused fires are preventable.

Today, we have more slash and uncut grassland than for many years in the past. Smokers, campers and tourists who use our outdoors are also more numerous than ever before. We must therefore be ready for fires which might occur but, above all, prevention by everyone is the greatest need.

A few simple precautions taken by every citizen will help, as follows:

- (1) Always get a written permit from the warden before kindling a fire outdoors when the ground is not covered with snow.
- (2) If you smoke, always extinguish matches and tobacco before dropping or throwing them down. In automobiles, always used the ash trays.
- (3) Report fires and smokes to the warden without delay.

The observance of these and other simple rules will go far to insure safety from fire damage and your co-operation in this way is earnestly solicited.

1948 FIRE RECORD, TOWN OF ALEXANDRIA

Number of fires, 1

Acreage burned, one fourth acre

Number of fire permits issued, 22

Respectfully submitted,

LYLE S. GALE,
Forest Fire Warden.

GEORGE F. RICHARDSON, JR.
District Fire Chief.

CHESTER F. YOUNG,
Treasurer.

LIBRARIAN'S REPORT

This has been a year of progress, with year 'round and summer residents sharing in interest and patronage. With better transportation, the librarian has been able to hand pick the books borrowed from the State Extension Library, making it easier to appeal to the individual tastes of local patrons. Many more books have been taken out than last year, and a larger number of readers are also recorded. Quite a quantity of magazines have been donated and re-distributed. The Bookmobile has furnished books for the children at the village school as usual. While the school-house was undergoing repairs last summer, meetings of the school board were held at the library.

The library operates on a very small budget, but during the summer a food sale benefit was given, starting a fund to provide better heating facilities. The ceiling is high and the present stove entirely inadequately for heating the room in mid-winter. It is hoped that at some still indefinite date it will be possible to keep the library open at least once a month in the coldest months of the year. That the library would be patronized in winter is shown by the past two year's record. Patrons have availed themselves of the privilege of taking out books in November for winter reading. From twelve to twenty-five apiece were taken out and all were returned promptly the first day of May. There is no questioning the fact that winter is the best time for many of us to read.

The library closed on November 20, 1948. It will open again April 30, 1949.

Respectfully submitted,

NELLIE K. WADHAMS,

Librarian.

SCHOOL TREASURER'S REPORT

For the Fiscal Year ending June 30, 1948

Summary

Cash on hand June 30, 1947	\$6.14
Received from selectmen, appropriations	11,332.00
Received from selectmen, dog tax	194.13
Income from trust funds,	
Harry L. Sleeper, Trustee	105.00
Received from state treasurer, state aid	2,408.13
Received from all other sources	40.58
	<hr/>
Total amount available for fiscal year	\$14,085.98
Less school board orders paid	13,609.94
	<hr/>
Balance on hand as of June 30, 1948	\$476.04

ELIZABETH B. ABBOTT,
Treasurer.

AUDITOR'S CERTIFICATE

This is to certify that we have examined the books, vouchers, bank statements and other financial records of the treasurer of the school district of Alexandria, of which the above is a true summary for the fiscal year ending June 30, 1948 and find them correct in all respects.

ANNIE REMICK,
Auditor.

BUILDING REPORT

Following our practice of last year there is here listed the building fund account for the past summer. Original estimates of everything but carpentry and installation of toilets proved too low. A balance at the end of the previous year and some unexpected income this year from the district of Hill for transportation and tuition should balance our books for this year provided some unforeseen expense of major importance doesn't take place.

The Willow school account is also included since some of the money realized from the sale of the No. 1 Schoolhouse has been spent there and it is hoped that the district will vote to spend the balance on this school.

VILLAGE

Merrimack Farmers' Exchange, roofing materials	\$102.00

SUPERINTENDENT'S REPORT1948-49

Part I

Teacher Training. During the past two years considerable work has been done by the teachers to improve their teaching. Two elementary workshops under the supervision of the State Board of Education have been held. One of these was in the field of social studies and the last one on art. These were very well conducted by the state staffs and the response of the teachers very fine. The first one of these "broke the ice" and the desire of the teachers to do more for their pupils then took the form of taking extension courses during the winter, and summer courses later, and again this winter by more extension courses with teachers in Canaan traveling to Tilton once a week to attend a course sponsored by Plymouth Teachers' College. It has been impossible for all the teachers to take summer or extension courses because of varying circumstances but the general response has been encouraging. It is hoped that this trend will continue and increase in participation as the good results are discussed by teachers themselves. Bridgewater and Danbury school boards have paid part of the costs of summer sessions. This is an increasing tendency particularly where no salary schedule exists which often makes salary increases based in part on extra study. Bristol joined with Tilton and Belmont in a high school workshop which was most challenging and thought provoking but was of such a nature that time is needed to properly evaluate the content and to make haste slowly in curriculum revision and methods of teaching. The greatest value of all of these devices has been to renew the individual's desire to learn more about teaching and youngsters so that each pupil may be better taught. It might not be wrong here to point out that the higher level of pay of

teachers may be in part a contributing factor of self-improvement.

Critical Shortage of Elementary Teachers. Much has been written on local, state, and national levels on the critical shortage of elementary teachers. It is not a local problem but a national one due to become more acute as the pre-school youngsters pour into the elementary schools requiring many more teachers in this field. To be perfectly frank about the whole thing anyone belittling this situation is ill-informed to say the least. Often there are good teachers living in an area who will or can not teach for one reason or another. For all practical purposes they don't exist. There are always some on the spring lists of teachers who are looking for a job every year. Perhaps the best indication of the shortage is the fact that a city superintendent will write in to a teachers' college and offer to take sight unseen the whole graduating class. It is my firm belief that teachers well qualified with either successful teaching experience or bright prospects of the same will remain in critical supply for 10-15 years at least, and this in spite of the fact that school men throughout the nation are devoting much thought and time to easing the situation.

Increasing Costs. A 10 per cent increase in costs of supplies, books, etc., seems to be the general opinion. This might well include fuel, telephone rates, etc. It is difficult to see how these costs will drop and level off in the near future. Structural costs are out of sight and will remain there as long as defense and housing demands remains as much in demand as at present. Department of Labor cost of living indexes show about 16 per cent rise in the last two years with only slight drops in some items during the past few months.

The Tax Burden. The property tax still bears the heavy part of all costs on the local levels including school and town expenses. In spite of conservative evaluations the property tax is a major item, and is bearing a load all out of proportion to its capacity. New Hampshire tax laws need careful study

and revision to not only relieve the property tax but to absorb increased costs of items over which we locally have no control. When we see and hear the need of new buildings, when we know that there will literally be millions more in our schools soon we begin to raise our eyebrows less at the thought of more state and federal aid, both branches of government having sources of tax monies not taxable at the local level. The consumer will pay in the end but all people do not consume the same things, and much wealth in the U. S. may be found which is not real estate. The tax problem will be one we should all follow in the legislature which will be in session by the time this is in print.

Tuition Charges. There seems to be a general misunderstanding of tuition charges and since all towns are either on the receiving or paying end of this proposition it would seem well to explain some phases of this. A school district may charge a high school tuition up to its average cost of instruction provided this cost is lower than the state average. In case its costs are greater it may charge the state average. In figuring the costs either locally or on the state level four items in the budget are counted: 1) Teachers' Salaries; 2) Text Books; 3) Scholars' Supplies; 4) Other Expenses of Instruction. The total of these costs divided by the average membership for the same year gives the cost of instruction. In past years most places have charged a figure well under this. However, with increasing costs in these items there is a strong trend throughout the state to charge the actual amount spent, especially now that state aid is mostly based on equalized evaluation of property. Obviously there are other costs such as heat, lights, janitor service, minor repairs and expenses, other special activities, insurance, new equipment and alterations of old buildings, which are a part of overall costs. On a contractual basis a school district might charge another district, a per pupil charge for these items. Few districts do so however. It should be pointed out that this era may be slowly drawing to a close especially where new building construction

is contemplated either to take care of increased enrollments, or to offer a better educational program. Building costs are so prohibitive that few, if any, of the districts maintaining high schools can build on any basis other than charging a rate to cover everything including capital improvements and interest, or on a co-operative basis with other towns taking advantage of present or future laws.

State Legislation. There will be bills introduced in the general court which will have far reaching effects in New Hampshire whether or not they become laws. At this point all we can do is suggest that they get our best study and considered action. This is our legislature and "We Are The People."

PART II

One of the sources of great satisfaction to me has been the improvement of educational opportunities during the past three years at the village. The material improvement in the building at the village is well known to all, but less obvious to most are the many changes in the kind of school resulting educationally and socially—and, I'm sure, spiritually. There is now a delightful age group, not too large in number, under a skillful teacher. Everyone participating in program shows educational growth, and seems to enjoy it. This has not been done without some losses and sacrifices, but the overall picture is such as to give all of us an inspirational lift and courage to tackle things which at times seem impossible.

Respectfully submitted,

C. MAURICE GRAY,
Superintendent.
